

Episode #018 Audition Advice & Some Other Thoughts

Do you struggle with auditioning? It's a specialized skill, and a process that can depress even the most talented actors. In this solo episode Charlie shares some audition advice from Oscar winner Brie Larson on how to navigate the audition experience so that you can bring your best self into the room. He also discusses the conservative uproar over the Netflix film *Cuties*, and why it's a movie you have to see. Listen to the full episode to hear some insights from Steve Jobs and best selling author and motivator Simon Sinek. Charlie also spotlights the German-Korean photographer Heji Shin.
