

Episode #022 More Insights From Maggie Flanigan

Charlie shares more of his July 2020 conversation with his mentor, and master teacher, Maggie Flanigan. Is there an artistic, creative way to approach a script for the first time? What are some ways to help you transform into the character? How do you bring a character to life from the truth of you? Maggie shares more of her 40 year career as one of the greatest acting teachers of her generation. Charlie also shares his thoughts on the playwright and film maker Radha Blank and her film 40 Year Old Version. The artistic path has many twists and turns, and Rhada's journey can serve as an inspiration for all of us who embrace the struggle of creativity.
